PRODUCT NO.	LENS	COATING	BENEFIT		
SF601SGAF	 Clear	Scotchgard™ Anti-fog	Anti-fog coating helps workers see clearer, longer.		
SF601SGAF-FM	 Clear with Foam Gasket		Removable foam-lined gasket helps keep debris out of your workers eyes while providing comfort and cushioning.		
SF602SGAF	 Grey		Similar to typical sunglasses, grey lenses are popular in outdoor daytime work environments.		
SF602SGAF-FM	 Grey with Foam Gasket		Removable foam-lined gasket helps keep debris out of your worker's eyes while providing comfort and cushioning.		
SF607SGAF	 Indoor/Outdoor Grey		Indoor/outdoor grey lenses help reduce brightness and glare when working both indoors and outdoors.		
SF607SGAF-FM	 Indoor/Outdoor Grey with Foam Gasket		Removable foam-lined gasket helps keep debris out of your worker's eyes while providing comfort and cushioning. Indoor/Outdoor Grey lenses help reduce brightness and glare when working both indoors and outdoors.		
SF603SGAF	 Amber		Amber lenses reduce interference from blue light to improve contrast, excellent UV protection. Popular for inspection tasks, and hazy, overcast or foggy days. Never use for night driving.		
SF615SGAF	 Clear Reader +1.5		Rugged anti-scratch	Designed for workers who have difficulty reading small print or are engaged in detail work, magnifying +1.5, +2.0, +2.5 diopters combine eye protection with reading enhancement. Grey lenses reduce brightness and glare from the sun and are mainly used for outdoor daytime applications.	
SF620SGAF					Clear Reader +2.0
SF625SGAF					Clear Reader +2.5
SF615GSGAF	 Grey Reader +1.5	Anti-scratch			
SF620GSGAF					Grey Reader +2.0
SF625GSGAF					Grey Reader +2.5
SF601RAS	 Clear	Rugged anti-scratch	Rugged anti-scratch coating helps extend the life of the lenses.		
SF602RAS	 Grey				
SF617AS	 Low IR	Anti-scratch	Provides good sight and acuity while absorbing UV and some IR. Popular for wearing with welding helmets.*		
SF630AS	 Shade 3.0		Predominantly used with other PPE for cutting, brazing and soldering, metal work, furnace work, and open flame applications.*		
SF650AS	 Shade 5.0				
SF611AS	 Polarized		Polarized lenses reduce reflective glare; commonly used in outdoor applications.		
SF613AS	 Photochromic		Lenses darken when exposed to UV light outdoors, and lighten when removed from UV exposure indoors.		
SF600FI	 Replacement Foam Gasket				

* Additional personal protective equipment may be required.
Always use both hands to put on and remove eyewear. Do not use excessive force when pulling apart temples. Inspect eyewear frequently and replace immediately if you notice cracking, crazing, pitting, scratching, deformation, or other signs of damage. Follow all instructions provided with product.

3M™ SecureFit™ Pressure Diffusion Temple (PDT) Technology helps provide a secure, snug fit, without compromising comfort.
