Cotton/Poly Inspectors Gloves with
Knitwrist Cuffs

#ML80K

These breathable, medium weight inspectors gloves are designed to protect against fingerprints, hand oils, scratches, and other types of contamination. The cotton/poly jersey knit fabric is very form-fitting, and the slip-on style allows for easy donning. Along with its sister style, these gloves are hand-to-hand reversible, which helps to extend the life of the glove. Since they're so absorbent, this style can also be worn as a liner beneath other gloves to soak up perspiration; they're especially effective when worn underneath rubber gloves. These gloves are also fully washable and can be bleached.

CFIA approved for food handling.

For added comfort and an improved fit, these gloves come in both a Ladies' (#LL80K) and a Mens' (#ML80K) style.
