

INDUSTRIAL TRACTION ICE + SNOW

SPIKELESS TRACTION AID

The Due North® Indoor/Outdoor Spikeless Traction Aids are designed for workers needing traction in conditions where spikes are not ideal, particularly those needing an easy transition from outdoor to indoor use without damaging the walking surface. Specially engineered to reduce the chance of slips or falls no matter where the job takes you, this is the most advanced spikeless design available on the market today!

22 patented hi-vis chevrons per pair are strategically placed to increase grip and reduce the risk of slips and falls

Flexible slip-on design fits snugly over boots and shoes

Easy on/off pull tab provides quick adjustment

Spikeless design provides easy transition from outdoor to indoor without damaging the walking surface

Ideal for indoor or outdoor use including food production, warehousing, delivery, construction, first responders and more

Natural rubber material with a proprietary polymer blend maintains flexibility up to -65°F/-54°C

Specially designed treads channel water away to deliver enhanced traction on wet and icy surfaces

This product is covered by SureWerx against defects in materials and workmanship when the product is used for the purpose for which it was designed. Please refer to surewerx.com for more warranty information. SureWerx is not responsible for typographic errors.
